New Source Review newspaper advertisements for construction permit applications, May 1, 2008. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: April 29, April 30, or May 1, 2008. Public notices are generally published every two weeks. The previous publication of public notices was April 17, 2008.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is <u>Creative Metalized Products</u>, <u>Inc.</u> with a mailing address of <u>346 Sweeney Drive</u>, <u>Crossville</u>, <u>TN 38555</u>. They seek to obtain an air contaminant permits for construction of a <u>Synthetic Tile Manufacturing</u> Operation at the same address, as follows:

- (1) <u>Synthetic Tile Manufacturing Operation</u> (Division identification number: <u>18-0133-01/61896</u>). This proposed operation would consist of molds, compression belts, and associated equipment used to produce synthetic tile. Exhaust filters would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Reynolds is the assigned Division person.
- (2) <u>Sanding and Polishing Operation</u> (Division identification number: <u>18-0133</u>). This proposed operation would consist of sanding and polishing equipment used to sand and polish synthetic tile. Exhaust filters would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Reynolds is the assigned Division person.

For the Cumberland County Crossville Chronicle -- published once on or before Thursday, May 1, 2008.

The applicant is <u>Magotteaux Pulaski Corporation</u> with a mailing address of <u>P.O. Box 518, Pulaski, TN 38478</u>. They seek to obtain an air contaminant permit (Division identification number: <u>28-0025-33/61897</u>) to install a new Didion Drum machine to replace the existing Vibramill at their facility located at <u>2360 Industrial Park Road, Pulaski, Tennessee 38478</u>. This proposed operation would consist of the installation of a Didion Drum machine (Source 33), the elimination of the small baghouse controlling the Wheelabrator Table Shot Blast (Source 43) and the realignment of the equipment such that the Wheelabrator Table Shot Blast will be a part of Source 33. A baghouse would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. V. Murrell is the assigned Division person.

For the Giles County *Pulaski Citizen* -- published once on or before Thursday, May 1, 2008

1

The applicant is <u>Vulcan Construction Materials</u>, with a mailing address of <u>P.O.Box 7 Knoxville</u>, <u>TN 37901</u>. They seek to obtain an air contaminant permit (Division identification number: 60-0017-03/61813) for modification of an rock crushing operation located at 580 Theta Pike, Columbia, TN 37901. The modification is the installation equipment for the 1,000 tons per hour of rock crushing operation. Wet suppression would be used for pollution control. Regulated air contaminants are emitted by this source. Mr. Jim A. Attar is the assigned Division person.

For the Maury County Daily Herald -- published once on or before Thursday May 1, 2008.

The applicant is Sumner Regional Medical Center with a mailing address of P.O. Box 1558, Gallatin, TN 37066. They seek to obtain an air contaminant permit (Division identification number: 83-0391-01/61891) for Two Identical 10.5 MMBTU/hr Natural Gas / Fuel Oil Boilers located at 1555 Hartsville Pike, Gallatin, TN 37066. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. G. Forte is the assigned Division person.

For the Sumner County *News-Examiner* -- published once on or before Thursday, May 1, 2008.

The applicant is <u>The University of Tennessee at Martin</u> with a mailing address of <u>105 Moody Avenue</u> Maintenance Complex, Martin, TN 38238. They seek to obtain an air contaminant permit (Division identification number: 92-0014-04/61743) for a Power Generating Plant located at the same address. This existing operation consists of four, 2 megawatt each, diesel generators with two fuel storage tanks for back up. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. K. McLain is the assigned Division person.

For the Weakley County Press -- published once on or before Thursday, May 1, 2008.

FIRST APPLICANT:

The applicant is Welding Techniques & Service, Inc. with a mailing address of 9485 Lebanon Road, Mt. Juliet, TN 37122. They seek to obtain an air contaminant permit (Division identification number (95-0292-01/61735) for operation of an airless paint spray booth for coating metal parts located at the same address. This existing operation consists of one dry spray booth. Fabric filters are used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. Robert Benjamin is the assigned Division person.

SECOND APPLICANT:

The applicant is Mapco Express, Inc. with a mailing address of 7102 Commerce Way, Brentwood, TN 37027. They seek to obtain an air contaminant permit (Division identification number: 95-0183-01/61878) for construction of a gas station at 1945 Mt. Juliet Road, Mt. Juliet, TN 37122. This proposed operation would consist of three underground gasoline storage tanks and associated above ground gasoline distribution systems. Stage I and Stage II vapor recovery systems would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Doug Wright is the assigned Division person.

THIRD APPLICANT:

The applicant is Mapco Express, Inc. with a mailing address of 7102 Commerce Way, Brentwood, TN 37027. They seek to obtain an air contaminant permit (Division identification number: 95-0217-01/61879) for construction of a gas station at 11247 Lebanon Road, Mt. Juliet, TN 37122. This proposed operation would consist of three underground gasoline storage tanks and associated above ground gasoline distribution systems. Stage I and 2

Air Pollution Control May0108-web.doc Stage II vapor recovery systems would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Doug Wright is the assigned Division person.
